

Writing a good hypothesis

Use the following statements and write a good hypothesis – think about how one thing will affect the other and use your ‘if, then’ statements. Try using the words “increase” and “decrease”

1) Chocolate may cause pimples.

2) Salt in soil may affect plant growth.

3) Plant growth may be affected by the color of the light.

4) Bacterial growth may be affected by temperature.

5) Sunlight may cause skin cancer.

6) Temperature may cause leaves to change color.

7) Amount of reading that you do may affect your intelligence.
